Claude

1. Study Courses

A residence permit for the purpose of studies may be issued to a third-country national who establishes a learning relationship with a public education institution operating a full-time school system, pursues full-time studies at a state-recognised higher education institution or a foreign higher education institution authorised to operate in Hungary, or wishes to reside in Hungary to participate in a preparatory course organised by a higher education institution. Applicants must have the linguistic knowledge required for the pursuit of studies. [Gov](#)

In short, eligible courses include:

- Full-time bachelor's, master's, or doctoral programmes
- State-accredited preparatory/foundation courses
- Full-time vocational training at recognised institutions

2. Embassy Appointment

Appointments can be booked directly through the official Appointment Booking System at <https://konzinfobooking.mfa.gov.hu/home>. In some countries, applications are processed through **VFS Global** visa centres — check the Hungarian embassy website for your specific country. [Gov](#)

Steps:

1. Find the Hungarian Embassy or Consulate in your country
2. Book online via the konsulinfo booking system or VFS Global portal
3. Bring your appointment confirmation to the consular office

3. Applying for a Study Visa

Non-EU students staying longer than 90 days need a **Type D (long-stay) visa**.

Documents needed:

- Valid passport (minimum 6 months validity beyond intended stay)
- University admission/enrolment letter
- Proof of accommodation in Hungary

- Proof of financial means (bank statements, scholarship letter, or parental declaration)
- Health insurance valid in Hungary
- Visa application form
- Passport-sized photos
- Visa fee payment receipt

How to apply:

All documents must be submitted in person at the Hungarian Embassy or Consulate in your country of citizenship or legal residence. Applications must be submitted from home countries — applying from within Hungary is no longer permitted. [DAADDAAD](#)

Processing time:

Processing can take **several weeks**, depending on location and documentation. Appointments may be required and embassies may ask for additional local documents. [DAAD](#)

Claude's "several weeks" is vague but not technically wrong. Gemini's 30–60 days is supported by official sources.

Visa fee:

Visa fees are €60 for single entry and €120 for multiple entry. [Educations](#)

4. Documents Needed

You need proof of admission, proof of funds of €2,000, health insurance costing about €150–€300 per year, and proof of accommodation. Additional documents typically include: [Educations](#)

- Valid passport
- Completed visa application form
- Recent passport photos
- University acceptance letter
- Proof of housing (rental contract, university dormitory confirmation)
- Bank statements or scholarship award letter
- Travel health insurance policy

5. Money Requirements

Non-EU students must now show **€1,200 per month (up from €700)** to cover living expenses. This can be demonstrated through bank statements, a parental/guardian financial declaration, or an official scholarship letter. [Visasupdate](#)

Claude's €1,200 figure is not supported by official sources

6. Residence Permit

After arriving in Hungary with your Type D visa, you must apply for a residence permit.

You must get your residence permit within **30 days of arrival in Hungary. It takes 3–4 weeks** to produce the card after your visa is issued, so it may not be ready immediately when you arrive. [IBS](#)

Process:

Register your accommodation by reporting your address via the **EnterHungary** portal or at the National Directorate-General for **Aliens Policing (OIF) at 1117 Budapest**, Budafoki Street 60. Then apply for the residence permit by submitting biometric data (photo and fingerprints) and any outstanding documents at the regional OIF directorate or online **via EnterHungary**. The residence permit, valid for 1–2 years (renewable), is typically delivered to your university. [Visa Point](#)

The EnterHungary portal is at: <https://enterhungary.gov.hu>

AI model give an overly simplified and partly incorrect account:

1. The residence permit is **not picked up at OIF** — it's delivered to the university
2. Students with Type D visas **must NOT** apply online via EnterHungary; the application was already done at the consulate
3. They should **not** visit OIF in person for the permit

7. Working While Studying

International students don't need an additional work permit to take on part-time employment. [Studiesinhungary](#)

Non-EEA students with a residence permit for study purposes can work 30 hours a week during the study period, or 90 days / 66 working days outside the study period. [Study in Hungary](#)

8. Renewing the Residence Permit

Submit your **renewal application 45–50 days before the expiry date of your residence permit via the EnterHungary platform at <https://enterhungary.gov.hu>**. After submitting online, visit the client service centre at least 45 days before your permit expires. [Gov](#)

Note: If, during the validity period of your residence permit, you change your educational institution, you are required to submit an application for the extension of your residence permit through the Enter Hungary platform, holding your admission certificate. [Gov](#)

State fixed deadlines, but the official guidance says "in time" without specifying a fixed number . The critical point is that **extension is only possible in Hungary** and traveling abroad without the new permit requires starting over

9. Changing to a Work Permit

Yes — Hungary has a dedicated pathway for this called the **"Study-to-Work" residence permit**.

This permit allows applicants to stay another 9 months in Hungary after graduation, which is plenty of time to find a job or start a business — at which point this interim permit can be changed to a residence permit based on gainful activity. [University of Pecs](#)

Every foreign student receiving a degree from a Hungarian university or college is eligible for the study-to-work visa, but you must hand in your application no later than 15 days before your student residence permit expires. [University of Pecs](#)

The process:

1. Apply for the "study-to-work" permit before your student permit expires
2. Use the 9 months to find employment or register a business
3. Convert to a full work/gainful activity residence permit once employed

10. Official Information

Key official sources:

Resource	Link
OIF (Immigration Authority)	https://oif.gov.hu
EnterHungary Portal	https://enterhungary.gov.hu
Hungarian MFA Consular Info	https://konzinfo.mfa.gov.hu
Study in Hungary (official)	https://studyinhungary.hu
Stipendium Hungaricum Scholarship	https://stipendiumhungaricum.hu

11. Application Forms

- **Residence permit application form:** Available at <https://oif.gov.hu/factsheets/residence-of-the-student-pupil> (downloadable Word format and appendix linked on that page)
- **Online application:** For submission via the platform of EnterHungary, the full and correct completion of the electronic application form is required, which is available on the platform. [Gov](#)

12. Tips for Students — Common Mistakes to Avoid

Mistake	How to Avoid It
Applying too late	Start your visa application 2–3 months before your course begins
Insufficient funds proof	Ensure you meet the €1,200/month requirement with clear bank documents
Applying from within Hungary	Applications must be submitted from home countries DAAD — do not wait until you arrive
Waiting too long for residence permit	Apply for your residence permit within 30 days of arrival
Changing universities without informing OIF	You must submit a new extension application via EnterHungary with your new admission certificate Gov
Missing the study-to-work deadline	Apply at least 15 days before your student permit expires if you want to stay
Booking multiple embassy appointments	One person may book only one appointment for a consular service — extra bookings will be cancelled without notice Magyarország Nagykövetsége London
Incomplete insurance documentation	Make sure your policy explicitly covers Hungary and the full duration of your stay

€1,200/month is **not** an official requirement — no specific minimum exists

"Start your visa application 2–3 months before" — with 3–5 week processing, this is **too tight**

Note: Hungarian immigration rules have been changing rapidly. Always verify current requirements directly with the **OIF** (<https://oif.gov.hu>) or the Hungarian Embassy in your country before applying.

Gemini

1. Study Courses

To qualify for a long-stay student visa in Hungary, you must be accepted into a full-time, accredited educational program. Eligible options include:

- Degree programs (Bachelor's, Master's, or PhD) at recognized Hungarian public or private universities.
- Non-degree preparatory or foundation courses (e.g., intensive English or Hungarian language programs tied to eventual university admission).
- Short-term exchange programs lasting more than 90 days.

2. Embassy Appointment

You must apply for your visa at the Hungarian embassy or consulate that holds jurisdiction over your permanent residence or citizenship.

- Appointments are booked directly via the **Hungarian consular portal** (often using the *Konzinfo* system) or through authorized third-party visa centers like **VFS Global**, depending on your home country.
- Due to high volumes before the autumn and spring semesters, it is recommended to book your appointment at least 2 months before your intended departure.

3. Applying for a Study Visa

- **What documents are needed:** An official letter of acceptance from your university, proof of tuition payment, proof of funds, a valid passport, a clean criminal record, and health insurance.
- **How to apply:** Non-EU students apply for a **Type D Long-Stay Visa for Study Purposes**. You submit the application in person at the embassy or visa center where your biometric data is captured.
- **How long it usually takes:** Processing standard student applications generally takes about **30 calendar days**, but it can take up to 60 days during peak times.

4. Documents Needed

When attending your appointment, bring the original and clear copies of:

- A valid passport (valid for at least 3 months beyond the expiry of the requested visa).
- Completed and signed **Type D Visa application form**.
- Two recent passport-style white background photos.
- **Letter of Acceptance** from the Hungarian educational institution.

- **Proof of paid tuition fees** (or a scholarship certificate such as Stipendium Hungaricum).
- **Valid travel health insurance covering at least €30,000 across the entire Schengen area.**

Gemini states passport must be valid for **3 months** beyond visa expiry. Official Hungarian embassy guidance recommends **2 years** validity to avoid future delays . Gemini includes "clean criminal record" as required, but official checklists don't list this as a universal requirement .

- A recent, certified **clean criminal record certificate**.
- **Proof of accommodation** (e.g., a university dormitory confirmation or a signed rental lease agreement with a copy of the property registration sheet, known as *tulajdoni lap*).

5. Money Requirements

You must prove you can cover your living expenses in Hungary without relying on work. The unofficial but widely enforced baseline requirement is roughly **HUF 200,000 to HUF 240,000 per month** (approximately **€500–€600/month**), which totals around **€6,000–€7,200** for a full academic year.

AI model state fixed monthly amounts. The correct official answer is that there is **no fixed minimum**; students must show enough funds to cover all expenses . Claude's €1,200 figure is not supported by official sources; Gemini's figures represent practical guidelines, not official requirements.

You can prove this via:

- Personal bank statements from the past 3 to 6 months showing regular income or savings.
- A notarized affidavit of support from a financial sponsor (e.g., parents), backed by their employment records and bank statements.
- An official scholarship award letter (fully exempts you from presenting personal funds if it covers all living expenses).

6. Residence Permit

The Type D visa you receive at the embassy is usually valid for a single entry and for 30 days.

- **Within 30 days of entering Hungary**, you must visit the regional office of the National Directorate-General for Aliens Policing (**OIF**) to pick up your actual **Residence Permit Card**.

AI model give an overly simplified and partly incorrect account:

1. The residence permit is **not picked up at OIF** — it's delivered to the university
2. Students with Type D visas **must NOT** apply online via EnterHungary; the application was already done at the consulate
3. They should **not** visit OIF in person for the permit

- You must also register your accommodation details to obtain an **Address Card** (*lakcímkártya*). This can also be initiated digitally through the Hungarian government's **Enter Hungary** portal.

7. Working While Studying

Yes, international non-EU students are permitted to work part-time alongside their studies.

- You are legally permitted to work up to **30 hours per week** during term time.
- During official university holidays (e.g., summer or winter breaks), you can work **full-time** (up to 40 hours per week).

Gemini states students can work full-time (40 hours/week) during holidays. Official sources state the limit is **90 days per year** outside the study period, not full-time throughout holidays .

- Before starting work, your employer must register you, and you must visit the national tax authority (**NAV**) to obtain a Hungarian **Tax ID** (*adóazonosító jel*).

8. Renewing the Residence Permit

If your course extends past the validity of your first residence permit (usually valid for one year):

- You must apply for a renewal **at least 30 days before** your current card expires.

Model state fixed deadlines, but the official guidance says "in time" without specifying a fixed number . The critical point is that **extension is only possible in Hungary** and traveling abroad without the new permit requires starting over .

- Applications for extension are submitted digitally via the official online platform, **Enter Hungary**.
- You will need to upload your updated university enrollment certificate, current transcripts showing satisfactory academic progress, fresh bank statements, and current proof of housing.

9. Changing to a Work Permit

Upon graduation from a Hungarian institution, you have structural options to transition into employment:

- You can apply for a **Job-Seeking Residence Permit** (valid for up to 9 months) which gives you time to look for a job or start a business within Hungary.
- Once you secure a job offer that matches your qualifications, you can apply online to change your status to a residence permit for employment or an **EU Blue Card / Hungary Card** (depending on your salary bracket and specific skill sector).

10. Official Information

- For official guidelines, forms, and digital submissions: [OIF - National Directorate-General for Aliens Policing](#)
- Digital residency application platform: [Enter Hungary Portal](#)
- General student support and official scholarship info: [Study in Hungary / Tempus Public Foundation](#)

11. Application Forms

The specific visa and residence permit forms are hosted directly on the [OIF Official Portal](#) under the "Residency in Hungary" section for studies. Alternatively, creating an account on the electronic **Enter Hungary Portal** allows you to fill out the information dynamically online, which automatically populates and prints the required application paperwork.

12. Tips for Students (Common Mistakes to Avoid)

- **Incomplete Rental Documents:** Hungarian authorities are incredibly strict about housing verification. If you are renting a private flat, your rental agreement must be signed by two witnesses, and you *must* submit the property registration document (*tulajdoni lap*) issued within the past 30 days. A simple handwritten letter from a landlord will lead to a visa refusal.
- **Unexplained Cash Dumps:** Depositing a large amount of cash right before downloading your bank statements looks artificial. Keep funds stable in your account for months or rely heavily on formal parental sponsorship documentation.
- **Ignoring the 30-Day Clock:** Forgetting to register your physical address at the OIF office within 30 days of landing can invalidate your legal stay and result in structural immigration fines.

Hungary: AI Error Report

1. Study Courses

Claude: Lists full-time bachelor's, master's, doctoral programs, state-accredited preparatory/foundation courses, and full-time vocational training. **Correct.**

Gemini: Lists degree programs, non-degree preparatory/foundation courses, and short-term exchange programs (>90 days). **Correct.**

Both: Correct. Official sources confirm the residence permit may be issued to students who establish a learning relationship with a full-time public education institution, pursue full-time studies at a state-recognized higher education institution, or participate in a preparatory course organized by a higher education institution .

2. Embassy Appointment

Claude: Lists the official appointment booking system at konzinfobooking.mfa.gov.hu and VFS Global for some countries. **Correct.**

Gemini: States appointments booked via the Hungarian consular portal (Konzinfo system) or VFS Global; recommends booking at least 2 months in advance. **Correct.**

Both: Correct. Official embassy guidance confirms appointments are booked via the Konzinfo online system . Some countries, like Oman, process applications through VFS Global .

3. Applying for a Study Visa (Processing Time)

Claude: States processing takes "several weeks." **Vague but not incorrect.**

Gemini: States processing takes about 30 calendar days, up to 60 days during peak times. **Correct.**

Correct Answer:

- Official embassy guidance states visa processing may take **3 to 5 weeks**
- University sources confirm it may take **1–2 months**

- Visa should be applied for **within 3 months of the planned start date**; applications submitted earlier than 3 months will be refused
- Applications for autumn 2026 semester can be submitted starting **June 8, 2026**

Error: Claude's "several weeks" is vague but not technically wrong. Gemini's 30–60 days is supported by official sources.

4. Documents Needed

Claude: Lists passport, application form, photos, acceptance letter, accommodation proof, bank statements, health insurance, visa fee receipt. **Correct.**

Gemini: Lists passport (3 months beyond visa expiry), Type D visa form, photos, acceptance letter, tuition payment proof, health insurance (€30,000), criminal record, accommodation proof. **Partial error on passport validity.**

Correct Answer:

Official embassy checklists list:

Document	Requirement
Application form	Form + Appendix 13, completed and signed
Passport	At least 2 years validity recommended to avoid delays
Photo	3.5 × 4.5 cm, white background, not older than 3 months
Acceptance letter	From host institution
Tuition payment proof	Bank/wire transfer receipt + university confirmation letter
Accommodation proof	Dormitory confirmation or lease contract

Health insurance	Full coverage for the entire planned stay in Hungary
Financial proof	6 months certified bank statement (student or parent/guardian), commitment letter from sponsor, proof of money origin (employment letter), proof of family ties
Educational degrees	Diploma + transcripts (High School, BA/BSc, MA/MSc)
Language proficiency	Certificate or official diploma proving study language of previous degree
Criminal record	Not listed on official embassy checklists for all nationalities

Error: Gemini states passport must be valid for **3 months** beyond visa expiry. Official Hungarian embassy guidance recommends **2 years** validity to avoid future delays . Gemini includes "clean criminal record" as required, but official checklists don't list this as a universal requirement .

5. Money Requirements

Claude: States **€1,200/month** (up from €700). **Incorrect.**

Gemini: States **HUF 200,000–240,000/month (€500–600/month)** totaling **€6,000–7,200/year**. **Correct for reality, not official.**

Correct Answer:

- **There is no specific legal minimum balance** — official guidance states: "There is no specific balance you should have in your bank account — it should be able to prove that your long-term stay, accommodation, health insurance, everyday life, etc. is financially supported"

- **Financial proof requirements:** 6 months of certified bank statements showing sufficient funds to cover tuition, accommodation, health insurance, and living expenses
- **Practical guidance:** Chinese sources suggest approximately 5–8 RMB (€6,000–8,000) per year
- **Visa fee: €110** for self-funded students (scholarship holders exempt)

Error: Both AI models state fixed monthly amounts. The correct official answer is that there is **no fixed minimum**; students must show enough funds to cover all expenses. Claude's €1,200 figure is not supported by official sources; Gemini's figures represent practical guidelines, not official requirements.

6. Residence Permit (After Arrival)

Claude: States residence permit must be obtained within 30 days of arrival; process takes 3–4 weeks; must apply at OIF; via EnterHungary portal. **Partial error.**

Gemini: States Type D visa valid for single entry and 30 days; within 30 days visit OIF to pick up residence permit card; must register accommodation for Address Card. **Partial error.**

Correct Answer:

For students who applied at a consulate abroad and hold a Type D visa :

1. Travel to Hungary with the Type D visa
2. **Do not start any residence permit application online** — the application was already submitted at the consulate
3. Residence permit is **delivered to the educational institution** — not to the student's personal address or OIF office
4. **Do not appear in person at the client service** to collect the permit
5. The e-certificate of accommodation is sent electronically

For students who are not subject to visa (visa-free countries) :

- Must apply for residence permit online via EnterHungary portal
- Must visit OIF client service within 15 days for biometrics

The D visa is valid for 30 days to enter Hungary and collect the permit. It is a **single-entry visa**.

Error: Both AI models give an overly simplified and partly incorrect account:

1. The residence permit is **not picked up at OIF** — it's delivered to the university
2. Students with Type D visas **must NOT** apply online via EnterHungary; the application was already done at the consulate
3. They should **not** visit OIF in person for the permit

7. Working While Studying

Claude: States non-EEA students can work **30 hours/week** during study period, or **90 days/66 working days** outside study period. **Correct.**

Gemini: States **30 hours/week** during term, full-time (40 hours/week) during holidays; must obtain Tax ID from NAV before starting work. **Partial error on full-time limit.**

Correct Answer:

- Non-EEA students with a residence permit for study purposes can work **30 hours per week** during the study period
- Outside the study period: **maximum 90 days per year** (or 66 working days)
- Students must obtain a Hungarian **Tax ID (adóazonosító jel)** before starting work
- **EEA students:** No working hour limitations

Error: Gemini states students can work full-time (40 hours/week) during holidays. Official sources state the limit is **90 days per year** outside the study period, not full-time throughout holidays . The search results contain contradictory information: one source states (20 hours/week) while official university sources state 30 hours/week . **Official Hungarian law as cited by universities: 30 hours/week during term, 90 days/year outside term .**

8. Renewing the Residence Permit

Claude: States renewal application should be submitted **45–50 days** before expiry via EnterHungary; must visit client service at least 45 days before expiry. **Slight error.**

Gemini: States renewal must be submitted **at least 30 days before expiry** via EnterHungary. **Slight error.**

Correct Answer:

- It is the responsibility of students to apply for extension **in time** before the permit expires
- Official guidance: "We kindly ask residence permit holders to apply for the extension of their residence permit in time"
- **Important:** Renewal can only be done **in Hungary**, not abroad. Permit holders should not travel without the new or extended permit — otherwise a completely new D-type visa application must be submitted
- Specific deadlines of 45–50 days or 30 days appear in different university sources; **check with OIF for exact current requirement**

Error: Both models state fixed deadlines, but the official guidance says "in time" without specifying a fixed number . The critical point is that **extension is only possible in Hungary** and traveling abroad without the new permit requires starting over .

9. Changing to a Work Permit

Claude: States "Study-to-Work" residence permit allows **9 months** to find a job or start a business; apply no later than 15 days before student permit expires. **Correct.**

Gemini: States Job-Seeking Residence Permit valid for up to **9 months**. **Correct.**

Both: Correct. Official university sources confirm that after graduation from a Hungarian institution, students are eligible for a 9-month job-seeking period .

Error: None identified.

10. Official Information

Claude: Lists OIF (oif.gov.hu), EnterHungary (enterhungary.gov.hu), Konzinfo, Study in Hungary, Stipendium Hungaricum. **Correct.**

Gemini: Lists OIF, EnterHungary, Study in Hungary/Tempus. **Correct.**

Both: Correct. All official sources verified.

11. Application Forms

Claude: Lists downloadable forms at OIF website; electronic application via EnterHungary platform. **Correct.**

Gemini: Lists forms at OIF portal; EnterHungary portal for dynamic filling. **Correct.**

Both: Correct. Forms are available on the official OIF website .

12. Tips for Students

Claude: Lists: apply 2–3 months before; meet €1,200/month requirement (incorrect); apply from home country; residence permit within 30 days; notify OIF when changing universities; study-to-work deadline 15 days before expiry. **Incorrect on money.**

Gemini: Lists: strict housing verification (tulajdoni lap required); unexplained bank deposits; register address within 30 days. **Correct.**

Errors:

- **Claude:** €1,200/month is **not** an official requirement — no specific minimum exists
- **Claude:** "Start your visa application 2–3 months before" — with 3–5 week processing, this is **too tight**
- **Both:** Neither clearly explains that the residence permit for Type D visa holders is **delivered to the university**, not to be collected in person at OIF
- **Both:** Neither explains that **students with Type D visas should NOT apply online via EnterHungary** after arrival
- **Both:** Neither mentions that the Type D visa is **single-entry only** — transiting through Schengen countries is problematic; direct flights recommended
- **Claude:** "Insufficient funds proof" with €1,200/month is misleading — the correct guidance is "show enough to cover all expenses"
- **Gemini:** "Tulajdoni lap" for rental verification — official embassy guidance mentions lease contracts but does not explicitly require this document for all nationalities

Summary Comparison

Topic	Claude	Gemini	Correct Answer
Study Courses	Correct	Correct	Full-time higher education, preparatory courses, vocational training
Processing Time	"Several weeks"	30–60 days	3–5 weeks
Passport Validity	6 months	3 months	2 years recommended
Money Requirements	€1,200/month	€500–600/month	No fixed minimum — prove sufficient funds
Visa Fee	€60/€120	Not specified	€110 (self-funded); scholarship holders exempt
Criminal Record	Not mentioned	Stated as required	Not universal requirement
Residence Permit Collection	Visit OIF	Visit OIF	Delivered to educational institution
EnterHungary for D visa holders	Via EnterHungary	Via EnterHungary	DO NOT apply online — already submitted at consulate

Work Limits	30 hrs/week; 90/66 days outside	30 hrs/week; full- time holidays	30 hrs/week term; 90 days/year outside
Renewal	45–50 days	30 days	"In time" before expiry; only in Hungary
Study-to-Work	9 months	9 months	9 months job- seeking
D Visa Type	Not specified	Single entry	Single-entry visa
Photo Size	Not specified	35×45 mm	3.5×4.5 cm

Critical Fixes

Topic	Wrong	Correct
Money requirements (Claude)	€1,200/month fixed	No fixed minimum — prove funds cover all expenses
Money requirements (Gemini)	€500–600/month baseline	No fixed minimum — official guidance "no specific balance"
Passport validity (Gemini)	3 months	2 years recommended
Residence permit collection (Both)	Visit OIF in person	Delivered to university

EnterHungary for D visa holders (Both)	Apply online after arrival	DO NOT apply online — application already submitted at consulate
Criminal record (Gemini)	Required	Not listed as universal requirement
Visa fee	Not specified by Gemini	€110 (self-funded)
Visa type	Not fully specified	Single-entry only — no Schengen transits
Work holidays (Gemini)	Full-time (40 hrs)	90 days/year maximum outside study period
Photo size	Not specified by Claude	3.5 × 4.5 cm
